EXECUTIVE SUMMARY

The objectives of the 1982 Manitoba Community College Follow-Up Survey include assessing the post-training labour market experiences of Manitoba community college graduates for use in the areas of manpower planning and forecasting, in the development of information for educational assessment and program planning; and in the provision of information to career counsellors and students concerning the actual outcomes of Manitoba community college education.

A total of 3,001 students who graduated in 1980-81 from all two-year diploma, one-year or less certificate and various short courses were surveyed one year after graduation in the summer of 1982. Graduates returned 1,882 surveys yielding a response rate of 70.8%.

Major survey highlights included:

* at the time of the survey, labour market participation rate was 93.8% with an unemployment rate of 12.6%

* average weekly earnings of employed graduates were $299.55 and average hourly earnings were $7.77 for an average work week of 38.8 hours

* of employed graduates, 88.8% were working in Manitoba

* of employed graduates, 83.6% were working in training related jobs

* 81.2% of employed graduates were using the skills obtained in training to a great extent or to some extent in their present occupations

* major occupations of employed graduates were Clerical and Related Occupations (20.7%), occupations in Medicine and Health (15.5%) and Product Fabricating, Assembling and Repairing Occupations (12.4%)

* major industries of employment were Health and Social Services (18.7%), Manufacturing (12.8%), Retail Trade (10.2%), and Government Services (8.7%)

* on average, it took the graduates 5.1 weeks to obtain their first job

* 32.9% of graduates indicated that they were taking further education at the time of the survey or had future plans to continue their education

* 8.3% of respondents are presently enrolled in the Apprenticeship Training Program and a further 9.4% indicated that they were planning to enroll in Apprenticeship training

A more extensive analysis of the labour market outcomes of graduates can be found in a separate report entitled 1982 Manitoba Community College Follow-Up Survey of 1981 Graduates - Summary Report.

SUMMARY PROFILE OF OUTCOMES FOR 1981 GRADUATES

	Sex	Course Duration	Sponsorship	Age	Prior Educational Attainment	Overall
Labour Market Outcomes	Participation rates and unemployment rates were higher for males.	One year certificate graduates had higher participation rates and unemployment rates than 2-year diploma graduates.	Canada Employment sponsored graduates had higher unemployment rates than provincial entry students.	Graduates between the ages of 22-24 years had the highest unemployment rate.	Unemployment rates generally decreased with higher prior educational attainment.	Labour market participation rate was 93.8% and the unemployment rate was 12.6%.
Earnings	Males earned more than females.	2-year diploma graduates earned higher wages.	Canada Employment sponsored graduates earned slightly more than provincial entry students.	Earnings generally increased with age.	Earnings generally increased with higher prior educational attainment.	Weekly earnings were $299.55 and hourly earnings were $7.77.
Extent To Which Graduates Were Using Skills In Their Present Job	More females than males were using skills obtained through training in their present jobs.	Slightly more 2-year diploma graduates were using their college skills than 1-year certificate graduates.	More provincial entry graduates were using skills than CEIC sponsored graduates.	Those graduates 35 and over were more likely to use their skills in their present job than any other age grouping.	Those graduates who had university degrees prior to college training were more likely to use their college skills in their present jobs.	81.2% of employed graduates were using their skills to a great or some extent in their present jobs.
Job Satisfaction	More females than males were satisfied with their present jobs.	2-year diploma graduates were more satisfied with their present jobs than one-year certificate graduates.	Provincial entry graduates were as satisfied with their jobs as CEIC sponsored graduates.	Job satisfaction increased slightly for older workers.	Those graduates with higher prior education were more satisfied with their present jobs.	89.5% were satisfied or very satisfied with their present jobs.
Present Job Related To Training	More females than males were working in a training related job.	92% of 2-year diploma graduates were working in jobs related to training.	More provincial entry graduates were working in jobs related to training.	Graduates, 35 years and over were most likely to be working in training related jobs.	Percentage of graduates having jobs related to training increased slightly with higher prior educational attainment.	83.6% of employed graduates were working in jobs related to training.
Industry of Employment	For males, manufacturing was the largest employing industry and for females, Health was the largest employing industry.	For both 2-year diploma and short course graduates, largest employing industry was Health. For 1-year certificate graduates it was manufacturing.	Largest employing industry for provincial entry graduates was Health and Manufacturing for CEIC sponsored graduates.	Largest employing industry by age: 25 and over - Health 22-24 - manufacturing; 20-21 - Health; Under 20 - Retail Trade.	Largest employing industry by prior education; Grade 12 or more - Health; Grade 11 Manufacturing; Grades 9-10 - Retail Trade; Grade 8 or less - evenly distributed throughout.	18.7% of all employed graduates were working in the Health and Social Service industry.
Continuing Education Plans	Slightly more females than males had continuing education plans.	Approximately 43% of 2-year diploma graduates had continuing education plans.	More provincial entry graduates had education plans than CEIC sponsored graduates.	Continuing education plans were highest between the ages of 20-34 years.	Continuing education plans were greatest for those with prior education of Grade 12.	32.9% of all graduates had continuing education plans.

1.0 INTRODUCTION

During the summer of 1982, the Research and Planning Branch of the Department of Labour and Manpower had undertaken a survey of Manitoba Community College graduates who had completed their training between August 1, 1980 and July 31, 1981. The purpose of this survey was to assess the labour market outcomes of graduates approximately one year after completion of training.

The courses selected for this study included all regular on-campus two-year diploma and one-year or less certificate courses (excluding apprenticeship) as well as some "short courses"* from the three community colleges and the Community College Division of St. Boniface College. A mail survey technique was used to gather data from this population approximately one year after completion of training.

In total, 3,001 graduates from 132 courses in all three community colleges and St. Boniface College were surveyed. One thousand eight hundred and eighty-two (1,882) surveys were completed and returned. There were three hundred and forty-three (343) non-located graduates (surveys returned by the post-office) excluded from the response rate. The overall response rate was 70.8%.

There were 83 courses followed up from Red River Community College, 26 courses from Assiniboine Community College, 18 courses from Keewatin Community College and 5 courses from St. Boniface College, totaling 132 courses altogether.

*Short courses were generally excluded from the survey except for first time courses and some that were fairly lenghty in duration. This was done in order to reduce the survey costs.

1.1 Response Rates

Response rates were highest for Assiniboine Community College at 73.5% followed by Red River Community College at 70.3% and St. Boniface College at 70.1%. Keewatin Community College had the lowest response rate at 68.0%.

By major program area for all colleges, Applied Arts had the highest response rate at 77.2% followed by Teacher Education at 76.3%. Response rates for Business Administration Studies were 72.3% and 70.6% for Health and Personal Services. The lowest response rate was for the major program area of Industrial Technology at 68.0%.

Care must be taken when looking at the results for individual courses as a low response rate may often provide a misleading picture when reported in percentage terms.

2.0 LABOUR FORCE STATUS

For all four colleges, the labour force participation rate was 93.8%. By college, Assiniboine had the highest participation rate at 97.4%. For Red River Community College, the participation rate was 93.3% and for St. Boniface College it was 91.7%. Keewatin Community College had the lowest participation rate at 90.1%.

Overall, the unemployment rate for graduates from all colleges was 12.6%. Keewatin Community College had the highest unemployment rate at 19.3%. The unemployment rate for Red River Community College was 12.4% followed by Assiniboine Community College at 11.4%. St. Boniface had the lowest unemployment rate at 9.1%.

For the major program areas, Industrial Technology and Applied Arts had the highest labour force participation rates at 96.9% and 96.3% respectively. The graduates of Business Administration Studies had

a participation rate of 92.5%. Of the graduates from Teacher Education, 89.7% were participating in the labour force. This was true for 88.1% of graduates from the major program area of Health and Personal Services.

Of the five major program areas, Industrial Technology and Applied Arts had the highest unemployment rates of 14.4% each. Business Administration Studies had an unemployment rate of 13.2%. Health and Personal Services and Teacher Education had the lowest unemployment rates at 6.6% and 3.8% respectively.

3.0 LENGTH OF TIME TO GET FIRST JOB

Of all respondents to the survey, it took graduates an average of 5.1 weeks to find their first job after graduation. Graduates from St. Boniface College took the least amount of time to find their first jobs, an average of 3.4 weeks. The average number of weeks before finding their first job was nearly the same for graduates of Red River Community College and Assiniboine Community College at 5.0 and 5.3 weeks. Keewatin graduates spent the longest time in finding their first job at an average of 6.3 weeks.

By college program, graduates took about the same amount of time to find their first job with the exception of Teacher Education. For Teacher Education graduates, it took approximately 2.6 weeks to find their first job.

4.0 RESPONDENTS EVER HELD A TRAINING RELATED JOB

Overall, the majority (81.8%) of respondents to the survey indicated that they had been employed in a training related job since graduation. For graduates of St. Boniface College, 83.3% had held a training related job since graduation. This was true for 83.0% of the graduates from Assiniboine Community College. Of Red River's graduates, 81.8% had held training related jobs since graduation. For Keewatin Community College, 76.0% of graduates had worked in training related jobs.

By major program areas, respondents of the Health and Personal Services Program had been the most successful (86.2%) in obtaining a training related job since graduation. Of those graduates from Applied Arts, 84.7% had held training related jobs. This was true for 81.4% of graduates from the program area of Business Administration Studies. For Industrial Technology graduates, 80.1% had held a training related job since graduation. About two-thirds (65.5%) of Teacher Edcuation graduates had held a training related job since graduation.

5.0 CHARACTERISTICS OF EMPLOYED RESPONDENTS

5.1 Average Earnings of Employed Graduates

For all employed respondents to the survey, the average weekly earnings were $299.55 and average hourly earnings were $7.77 (at the time of the survey).

Employed graduates from Red River Community College had the highest earnings at an average of $307.64 weekly or $7.93 hourly. Weekly earnings for the other three colleges were very similar ranging from $274.63 to $276.94. Average hourly earnings were slightly higher for St. Boniface College at $7.50 compared to $7.29 for graduates of Assiniboine and Keewatin.

By major program, graduates of Teacher Edcuation had the highest average weekly and average hourly earnings ($337.62 weekly and $9.54 hourly). Graduates of Industrial Technology program had the next highest earnings at $335.87 weekly and $8.29 hourly followed by the Health and Personal Services Program at an average of $290.21 weekly and $8.12 hourly. For graduates of Business Administration Studies, average weekly earnings were $274.13 or $7.21 hourly. Applied Arts graduates earned the least at an average of $243.55 weekly or $6.52 hourly.

5.2 Extent to Which Graduates Are Using Skills Obtained in College Training

Overall, of employed graduates, 81.2% are using their skills to a great extent or to some extent in their present jobs.

By community college, the percentage of graduates using skills to a great extent or some extent is 81.7% from Red River, 80.8% from Assiniboine, 79.0% from Keewatin and 70.0% from St. Boniface.

For the Industrial Technology Program, the extent to which respondents are using their skills on the job is lower than for the other four program areas at 75.6%. Skill-use for Health and Personal Services is the highest at 94.3% of employed respondents followed by Business Administration Studies at 81.3%. For Applied Arts graduates, 80.6% are using skills obtained in college training at their present jobs. Similarly, Teacher Education graduates indicated that 80.0% are using training related skills in their jobs.

5.3 Present Occupations Related to College Training

Of all employed respondents, 83.6% reported being employed in a job that was related to their community college training.

Of the four colleges, 85.8% of Red River graduates reported that they were employed in a training related job. In addition, 80.5% of Keewatin graduates indicated that they were working in training related occupations. For Assiniboine and St. Boniface College, 76.8% and 75.0% of employed graduates were also working in jobs for which they had taken training at community college.

By college program, most employed respondents (94.3%) in the Health and Personal Services Program were working in training related jobs. This was also true for 83.9% of employed Business Administration Studies graduates, 83.1% of Applied Arts, 79.3% of Industrial Technology and 68.0% of Teacher Education graduates.

5.4 Employed Respondents' Satisfaction With Their Present Job

Overall, 89.5% of employed respondents were very satisfied or satisfied with their present jobs.

Graduates from all colleges reported high levels of job satisfaction. All employed graduates of St. Boniface College were satisfied with their jobs. Levels of job satisfaction were also very high at Assiniboine (92.4%) and Keewatin (91.8%). For Red River, 88.5% of employed graduates expressed satisfaction with their present jobs.

Similarly by college program, Health and Personal Services reported the highest level of job satisfaction at 92.4% followed closely by Applied Arts graduates at 90.9%. For Business Administration Studies, 89.2% of respondents also indicated that they were very satisfied or satisfied with their present jobs. This was also true for 88.5% of Industrial Technology graduates. Respondents from the Teacher Edcuation Program showed the lowest level of job satisfaction at 84.0%.

5.5 Graduates Who Were Employed In Manitoba

At the time of the survey, 88.8% of employed respondents were working in Manitoba.

By college for employed respondents, 96.4% of Keewatin graduates, 94.4% of St. Boniface graduates, 88.2% of Red River graduates and 84.8% of Assiniboine graduates were working in Manitoba.

By college program, 96.3% of the employed Health and Personal Service graduates were working in Manitoba. Similarly, 92.9% of the employed Applied Arts and 90.0% of Business Administration Studies respondents were employed in this province. For the Industrial Technology Program, this figure was 84.0% while for Teacher Education this was true for 88.0% of employed graduates.

APPENDIX H

DEFINITIONS OF TERMS

DEFINITIONS

CANADA EMPLOYMENT SPONSORED STUDENTS - Those individuals who were referred into training by Canada Employment Centres under the Canada-Manitoba Adult Occupational Training Act Agreement. These individuals are referred into training courses of one year (or less) in duration.

CERTIFICATE COURSES - Certificate courses requiring Grade 10 to 12 and are awarded for the successful completion of courses of one year or less in duration.

DIPLOMA COURSES - Post-secondary, non-university courses of two years in duration requiring, as a course prerequisite, a Manitoba Grade XII (or acceptable equivalent). Diplomas are awarded for successful completion of two year courses.

EMPLOYED - The employed includes all persons who at the time of the survey, reported themselves to be employed, self-employed or working for a relative (for example, on the family farm, or fishing).

EMPLOYMENT/POPULATION RATE - The employment rate represents the number of employed persons as a percentage of the total population (working age).

LABOUR FORCE - The labour force is composed of that portion of the population 15 years of age and over who, at the time of the survey, were employed or unemployed.

NOT IN THE LABOUR FORCE - That portion of the population 15 years of age and over who, at the time of the survey, were neither employed nor unemployed.

PARTICIPATION RATE - Tha participation rate represents the labour force as a percentage of the population 15 years and over.

PROVINCIAL ENTRY STUDENTS - Those individual fee-payers who are not referred into training by Canada Employment Centres. These individuals may participate in training courses of both two years in duration, one year (or less) in duration or short courses.

SHORT COURSES - Includes refresher/up-grading courses, equipment operating courses and medical technology courses which have a term of hospital based training after completion of college training.

UNEMPLOYED - The unemployed includes those persons who, at the time of the survey, reported themselves to be unemployed and looking for work.

UNEMPLOYMENT RATE - The unemployment rate represents the number of unemployed persons as a percentage of those survey respondents indicating themselves as part of the labour force.

GEOCODE REGIONS - The geocode regions are the official regions for data collection within the Province of Manitoba. They are created by combining the census divisions in which students indicated they lived before and after training and also where they were employed.

COVERING LETTERS

AND

SURVEY

DEPARTMENT OF
LABOUR AND MANPOWER
Research Branch
Telephone: 944-3412
409 Norquay Building
Winnipeg, Manitoba
R3C 0V8

June 28, 1982

Dear Community College Graduate:

Approximately four weeks ago, you received a survey from the Research Branch, Department of Labour and Manpower. The purpose of this survey of community college graduates was to obtain information on your labour market experiences and your use of the skills obtained in your community college training.

As we have not yet received a completed questionnaire from you, we have enclosed another survey and a self-addressed, postage-paid envelope for your convenience.

The success of our research depends upon your prompt reply. We are looking forward to including your valuable responses in our study. Let us reassure you that your responses will be kept strictly confidential. Your answers will only be combined with those of your fellow graduates to provide an overall view of community college education in Manitoba.

Thank you very much for your time and attention.

Yours truly,

Mr. J. E. Nykoluk
Director, Research Branch

DEPARTMENT OF
LABOUR AND MANPOWER
Research Branch
Telephone: 944-3412
409 Norquay Building
Winnipeg, Manitoba
R3C 0V8

June 1, 1982

Dear Community College Graduate:

The Research Branch, in cooperation with the Manitoba Community Colleges, is again undertaking a follow-up survey of all community college students who completed their training between July 1, 1980 and June 30, 1981.

The purpose of this survey is to obtain information from graduates on the following areas: (1) labour market experiences, and (2) to what extent graduates are using skills obtained through training in their present jobs.

By taking a few minutes to complete the attached survey, you will be providing valuable inforamtion to the Department of Labour and Manpower and to the Manitoba Community Colleges for use in education planning.

Your responses to the survey will be kept strictly confidential. Your answers will be combined with those of your fellow graduates to provide an overall view of community college education.

Once you have completed the survey, please return the questionnaire in the enclosed postage-paid, self-addressed envelope.

Your assistance would be greatly appreciated and would contribute to the success of this important study.

Thank you for your time and attention.

Yours truly,

Mr. J. E. Nykoluk
Director, Research Branch

MANITOBA COMMUNITY COLLEGE STUDENT FOLLOW-UP SURVEY

ALL RESPONSES WILL BE KEPT STRICTLY CONFIDENTIAL. AT NO TIME WILL YOUR NAME BE REVEALED.

IF NAME OR ADDRESS ARE NOT CORRECT, MAKE THE NECESSARY CHANGES ON THIS LABEL

PLEASE DO NOT WRITE IN THIS COLUMN

A. STUDENT INFORMATION (Check the appropriate circle or fill in the blank)

1. Sex ◯ Male ◯ Female

2. Date of Birth _____ Day _____ Month _____ Year

3. Did you graduate from the course printed on the label above? ◯ Yes ◯ No

4. What was your primary reason for attending community college?

_____

5. In the 12 month period BEFORE you took your community college course, approximately how many WEEKS were you engaged in the following activities?

Working	_____
Unemployed and looking for work	_____
In school or taking other full-time training	_____
Keeping house full-time	_____
Other _____ (specify)	_____
TOTAL SHOULD EQUAL	52 WEEKS

6. What was the highest grade or level of education that you received before enrolling in your community college course?

◯ Grade 8 or less
◯ Grade 9
◯ Grade 10
◯ Grade 11
◯ Grade 12
◯ Some Post-Secondary training (University or Community College)
◯ Community College Certificate or Diploma
◯ University Diploma or Degree
◯ Other _____ (Specify)

7. Have you participated in an adult basic education (A.B.E.) Program?

◯ Yes ◯ No

8. If you have taken a trade or post-secondary education course before enrolling in your community college course, please specify, institution and location.

Course: _____

Institution: _____

Location: _____

PROCEED TO REVERSE SIDE OF THIS PAGE ➡

B. YOUR ACTIVITIES IN THE PAST 12 MONTH PERIOD (June, 1981 to June, 1982)

1. In the PAST 12 MONTHS, how has your time been divided?

Indicate the number of WEEKS you have spent:

Working	_____	57 58
Unemployed	_____	59 60
In school or taking other full-time training	_____	61 62
Keeping house full-time	_____	63 64
Other _____ (specify)	_____	65 66
TOTAL SHOULD EQUAL	52 WEEKS	

2. How many jobs have you had since leaving your training? (Include present job if applicable). _____ 67 68

3. How soon after leaving the course did you get your first job? _____ Weeks. 69 70

4. Since leaving the training course, have you ever been employed in a job related to your training at the college? 71

◯ Yes ◯ No

5. Where were you living in the year prior to your community college training?

_____ Town/Municipality; _____ Province 72 73 74 75 76 10 11

6. Where are you presently living?

_____ Town/Municipality; _____ Province 12 13 14 15 16 17 18

7. What is your main reason for presently living in a different location than where you lived prior to training? 19 20

- ◯ Did not move.
- ◯ No jobs available/better job opportunities.
- ◯ Moved closer to work.
- ◯ Had a job offer.
- ◯ Transfer/spouse's transfer.
- ◯ To further my education.
- ◯ Personal reasons (marriage, health).
- ◯ Liked location because of climate, cultural activities.
- ◯ Returned home.
- ◯ Other (specify) _____

C. YOUR PRESENT ACTIVITY

In the following section, please check the circle to indicate the main activity you are presently engaged in (i.e.: employed, unemployed, in school, etc.), and answer the questions directly opposite your response.

○ EMPLOYED →

1. What is your occupation? (Identify your occupation using at least 2 words. For example, "Restaurant Manager" instead of "Manager".)

   Occupation _____

   Duties _____

   Employer _____

   Type of Industry _____

   Town & Province _____

2. What are your average weekly earnings before deductions? (Include average overtime pay if applicable.) $_____ per week
3. Average number of hours worked per week _____ per week
4. Is this occupation related to your community college training?

   ○ Yes ○ No If "No", what is the main reason that you are not employed in a training related occupation.

   _____

   _____

   _____

5. How long have you been employed in your present job? _____ months
6. How satisfied are you with this job?

   ○ Very Satisfied ○ Satisfied ○ Dissatisfied ○ Very Dissatisfied

7. In your current job, to what extent are you using skills obtained in your community college training?

   ○ To a great extent
   ○ To some extent
   ○ Not very much
   ○ Not at all.

○ UNEMPLOYED AND LOOKING FOR WORK →

1. What do you think is the main reason you do not have a job right now?

   _____

   _____

2. Have you looked for work in the last 4 weeks? ○ Yes ○ No

○ IN SCHOOL OR TAKING FURTHER TRAINING →

1. In what type of institution (university, community college, work activity project, etc.), are you currently enrolled?

   Institution _____ Course _____

2. To what extent was your community college training related to your current training program?

   ○ Directly Related ○ Somewhat Related ○ Not At All Related

○ OTHER →

If you are not working, not looking for work, and not taking full-time training, what are you doing?

○ Keeping House Full-Time ○ Other (specify) _____

PROCEED TO REVERSE SIDE OF THIS PAGE →

D. CONTINUING EDUCATION PLANS

1. (a) Are you presently enrolled in the Apprenticeship training program?

○ Yes ○ No → Do you plan to enroll in the near future? ○ Yes ○ No (go to Question 2)

(b) If "yes", specify type of apprenticeship training?

_____

_____

(c) If you are planning to take apprenticeship training, are you planning to train with (check one)

- ○ Present employer
- ○ Different employer
- ○ Other _____ (specify)
- ○ Not sure

(d) If you are planning to enroll in apprenticeship training, when are you most likely to start?

- ○ Next year
- ○ Within two years
- ○ Within three years
- ○ None of the above

2. Are you enrolled, or do you plan to enroll in any credit or non-credit course in a post-secondary institution?

○ Yes ○ No ○ Undecided

3. If "yes", specify course, institution, and location.

Course _____

Institution _____

Location _____

4. When are you most likely to start this educational training program?

- ○ Have already started
- ○ Next year
- ○ Within two years
- ○ Within three years
- ○ None of the above

PLEASE RETURN THIS FORM IN THE POSTAGE PAID ENVELOPE ENCLOSED.

THANK YOU FOR YOUR HELP!
